Finding that the quality of the NEW ENGLAND cannot be successfully attacked, new brands and close imitations, represented to be as good, are put on the market. With these they endcavor to tempt dealers with low prices, and thus impose on consumers. pose on consumers.

HEALTH restored and life prolonged to suffering humanity, by the most wonderful curative agents ever discovered. I invite the sick, no matter what their diseases may be, to call and investigate for themselves before abandoning all hope, for it will cost you nothing. I give no encouragement unless there is a fair prospect of making a cure. I will endeavor to be candid in my opinion, and reasonable in my charges. I claim not to cure everybody, but to cure all that can be cured. I am formerly from New York city, and a graduate of one of the best medical colleges in the United States, and a most thorough Electrician, and have had many years successful practice in the treatment of both scute and chronic diseases. To remove all doubts and convince my patients that I claim nothing but what I am, I refer to my diploms and the numerous recommendations in my possession, which will always be ready for inspection at my office. I HAVE NO ONE CURE-ALLI nor do I make a hobby of any one mode of treatment. I use electricity or medicines or both, as cases may require.
